

We are so excited for the 2026 vacation season! Thank you so much to all of our guests who make this the best job in the world.

This piece of heaven has grown from a very modest beginning of whole log buildings with outside plumbing to an updated family resort with 14 lake homes. We provide many of the conveniences of home including air conditioning, wifi, and Smart TVs, but with a beautiful lake view out your cabin window. This year we also have a 3 bedroom house right across the road that sits on 30 acres of peaceful woods.

We are so thankful that the guests here are more like family. Cedar Rapids Lodge was started in 1933 and has provided vacation memories for several generations and we will continue to do so in 2026. We will begin the season with fishing opener on May 9, and end on October 1. During the season we welcome week long guests and also mid week or weekend guests when openings occur. Spring or fall is a beautiful time for a long weekend visit. Our website offers our current availability so you can see at a glance what is available for the dates that work for your family.

Cedar Rapids Lodge offers so many fun activities including a playground, heated pool, beach, gaga ball, the Elfun Trail, volleyball, pickleball, carpetball, mini golf, disc golf and 45 acres to explore. We have canoes, kayaks, paddle boats, paddle boards, and an inflatable obstacle course in the lake.... all are free for guests to use. The KidKard is a bonus for each vacationing boy or girl....they get free quarters to buy candy or play the video games!

Our lodge provides a fun place to sit with an endless cup of coffee, share fish stories, order lunch, or have a "famous shake". We have a food menu for those who want a night off from cooking....and the ice cream flavors are all amazing.

Fishing is an important part of so many vacations. We are the only resort on Medicine Lake. The 500 acre lake remains a peaceful place to sit and enjoy the wildlife and catch some fish....whether you release those fish or keep some for a meal. The lake is home to walleye, northern, bass, crappie, and bluegill.

We don't charge extra for the breath-taking sunsets, meteor showers, northern lights, or the serenity of sitting on a quiet lake catching fish or reading a book.

We can't wait for the 2026 vacation season. We feel so blessed to be a part of your vacation, and to help you make life-long memories year after year. We guarantee a fun-filled, relaxing time that you will look forward to each and every year!
